dual compartments

One side for trash, one side for easy disposal of recyclables.

neat and secure

Stainless steel liner rim flips up for a quick and easy liner change, then closes over the liner to hold it tightly in place and keep it hidden from sight.

nano-silver clear coat

Protects stainless steel from fingerprints and germs.

strong wide steel pedal

Our extra-wide steel pedal is engineered to last 150,000 steps — that's more than 20 steps a day for 20 years.

silent close lid

Our patented lid shox® technology controls the motion of the lid for a slow, silent close.

internal hinge

Prevents the lid from bumping the wall.

custom fit liners

Our code H liners are designed to fit this can perfectly so they don't slip, and they stay completely hidden. Extra-thick plastic and double-seam construction prevent rips and tears.
